

2011 Sponsorship Program

"Life leaps like a geyser for those who drill through the rock of inertia."
~Alexis Carrel

Over the decades, ASIC has effectively made its presence known in the Landscape and Golf Green Industries, while expanding our presence in federal, state and local water issues. We're not just proponents of Irrigation Consultants, but the value and business of performance irrigation.

ASIC, whose membership collectively specifies millions of dollars in irrigation equipment every year, offers you an opportunity to support the Society with one, all-inclusive gift that provides valuable industry positioning and enduring recognition before our members.

We have modified our sponsor benefits this year resulting in value to the sponsor that exceeds the cost of the sponsorship. Not many professional organizations can make that claim. Moreover, you receive professional access to the most prolific irrigation practitioners in the world.

The Society's sponsorship program structure provides all levels of support that promote our collective mission with your resources.

ASIC understands and conducts the business of irrigation on its largest scale. An ASIC sponsorship is a strong statement that we share in the mission of advancing the business of irrigation. For more ASIC Sponsorship information, visit <http://www.asic.org/sponsors.aspx> or call Norman Bartlett at 508/763-8140
